

# Feedback and Feature Requests

For information on future releases, click on the "Coming Soon" link on the Dashboard Status Widget.

The screenshot shows a 'Status' widget with a blue header. The header contains the word 'Status' on the left and three icons (a plus sign, an upward arrow, and a wrench) on the right. Below the header is a table with two columns: the first column lists system metrics, and the second column shows their values. At the bottom of the table is a link labeled 'Coming Soon' followed by a yellow star icon.
