

ProVision Admin Guide

Admin Guide

The ProVision Admin Guide provides information on features accessible with Admin level permissions within ProVision. For more detailed information on features accessible in the standard user tabs , see the [ProVision User Guide](#).

Accessing the ProVision Admin section

To access the Admin area, click the gear icon at the top right section of the header from any page. From there, select "Admin". You will then have access the Admin section tabs of ProVision, and will see the Admin Preferences page.

Leaving the ProVision Admin section

To leave the Admin area, simply click the "Exit Admin" link in the navigation bar. You will be redirected to the Dashboard.

The screenshot shows the ProVision Admin interface. At the top, there's a navigation bar with tabs: IPAM Admin, DNS Admin, Data Import, Users, API, Templates, Scheduler, and Exit Admin (circled in red). A search bar is also present. Below the navigation bar, the main content area is divided into two sections: 'Application Settings' and 'Logging Options'. The 'Application Settings' section contains fields for Time Zone (America/Los_Angeles), Company Name (6connect), Generic name (Customer), and Header Image (/images/topbar-logo.png). The 'Logging Options' section contains fields for Remote Log IP (76.74.154.114), Remote Log Port (3333), Remote Log Method (TCP), Remote Log Backup IP, and Remote Log Backup Port.
