

API Tab

API Tab

Please always refer to the API docs: <http://docs.6connect.com/display/DOC/API+v1> for the most current information.

The beta version of the Reverse API is managed [here](#).

OpenAPI 3.0 Specification

6connect has released APIv2. You can test it directly on your instance using [Swagger](#)

API Keys

User:

Name	Username	API Key	Secret Key	Created
------	----------	---------	------------	---------

The **API** tab allows you to create and manager API keys for users. It also provides links to APIv1 / APIv2 documentation and beta [Reverse API](#) management.

Create / Revoke a Key

To create a key, simply select the user, and click on "Generate Keys".

Please always refer to the API docs: <http://docs.6connect.com/display/DOC/API+v1> for the most current information.

The beta version of the Reverse API is managed [here](#).

OpenAPI 3.0 Specification

6connect has released APIv2. You can test it directly on your instance using [Swagger](#)

API Keys

User:

Name	Username	API Key	Secret Key	Created
------	----------	---------	------------	---------

The Name, Username, API Key, Secret Key, and Created date information will be added to the list below.

To revoke a user's key, click "Revoke" at the end of their entry.

Created	
05/21/12 12:26 PM	Revoke
01/31/14 09:52 PM	Revoke
06/05/14 01:38	Revoke

For detailed information on working with API features, please refer to [ProVision Developer Tools](#), [API v1](#), and APIv2 Swagger specifications linked in your instance on the API page.
